

**Mayor Thomas M. Menino's
Charge to the Wireless Task Force
March 1, 2006**

Goal of Task Force

Develop a plan for all citizens of Boston to effectively participate in the emerging world of wireless mobility. The task force will make recommendations to Mayor Menino by mid-summer that will:

- Facilitate economic development
- Provide a communications infrastructure that will serve this city in the short run, and be flexible, adaptable, and interoperable so that it will serve us in the long run as well
- Create efficiencies for City of Boston departments and the potential to significantly improve city services
- Help to ameliorate the digital divide
- Create a vehicle for a new form of civic engagement
